Seventy-Five People in Idaho are Under a Mountain of Snow and Ice

## DISTRICT AT WORK OF RESCUE

Mace, the Commonly Which Suffered, is a Little Mining Settlement Between Mountain Sides

Wallace, Idaho, Feb. 28.—An avalanche which has threatened the little town of Mace, five miles up the canyon from Wallace, for two days, descended last night about eleven o'clock with a roar heard in Wallace, and buried in its path 25 families or about 75 souls. How many of these were dead will not be known until some time later this morning, and perhaps not for many days, for reports tell of snow falling in the canyon to a depth of 50 to 75 feet. Three bodies are reported to have been recovered. Supt. Pascoe of the Standard Mine is said to be missing, but a child of his was found to be alive. Hundreds of men were awakened by the fire bells as soon as the extent of the catastrophe was known. Special trains were made up, the first leaving for Mace at 12:30 a.m., the second about three. Hardware merchants opened their establishments and shovels, picks and other implements were had for the asking. Every able-bodied man in Wallace has been hurried to the scene.

The little town of Mace lies between mountain sides, a straggling line of cottages in a creek bottom, bisected by lines of the Northern Pacific and Oregon Railroad and Navigation Co. Its one industry is mining and its big mine is the Standard. With scarcely a dividing line separable the town of Black Bear, Gen. Mace and Murke from a long string of houses for six miles. The whole population with the exception of a few storekeepers and school teachers was in the employ of the mine.

## THE DEATH OF MRS. HOODLESS

The Leading Canadian Authority on Household Science Overcome While Speaking

Toronto, Feb. 27.—Mrs. John Hoodless, of Hamilton, dropped dead at St. Margaret's College Saturday afternoon at four o'clock in the midst of her address on "Women in Industrial Life." Suddenly she swooned, calling for a glass of water, but when the water arrived she had fallen over unconscious. Death came shortly after.

Mrs. Hoodless never regained consciousness. Mrs. Hoodless was very prominent in Hamilton, and a leading member of the National Council of Women. Dr. John Hunter of this city is a brother. Mr. Hoodless was wined and came down from Hamilton. Mrs. Hoodless was one of the greatest workers in the department of household science and was largely responsible for its introduction into the curriculum of Toronto public schools. She looked the picture of health, but she had not been speaking more than five minutes when she suddenly stopped and asked for water. She took a sip, and then, just as she was saying "the interest in domestic," she sank to the platform.

As she was falling she was still speaking words, and even when she was lying on the floor she continued to faintly utter a few unintelligible words. As soon as she had finished the words, a weak sigh was heard, her head fell back, and she was dead.

## MR. ASQUITH'S DECLARATION

After Easter Move will be Made to Exclude Lords from Realm of Finance

London, Feb. 28.—Financial business last night and the question of the House of Lords second, was the programme laid down by Premier Asquith in a statement made in the House of Commons this afternoon, in moving that government business have precedence at every sitting up to March 21. When parliament re-assembles after Easter recess, the premier said the government would present a resolution affirming the necessity of excluding the House of Lords altogether from the domain of finance and restricting its power of veto to other legislation. To secure this the government, he added, would use all methods that seemed proper and adequate within the limits of the constitution and upon its successful accomplishment, the Cabinet and Liberal party would stake not only the fortunes of the Ministry but their very existence as a party.

## BABE WAS SMOTHERED

Fire in Shack at Entwistle Caused Death of Mrs. Dingman and Infant Child

Mrs. E. H. Dingman was fatally burned, and her infant child smothered to death in a fire which destroyed the home of E. H. Dingman late Saturday night. Mr. Dingman was away from home at Wolf Creek, and Mrs. Dingman and child were in the shack alone. Mrs. Dingman built up a warm fire before retiring and awoke at midnight to find the room aflame. She could have made her escape but becoming hysterical wrapped the child in a blanket and rushed for the door. In the confusion she dropped the child and although she herself escaped she was so badly burned that after terrible suffering she passed away. Neighbors rescued the child, but on removing the blanket found that life was extinct.

## LEGISLATORS RESUME TO-DAY

Forecast of the Course Which Debate on Mr. Boyle's Resolution Will Take

## DELEGATIONS FROM SOUTH

Keep Question of Agricultural College to the Fore—Most of the Insurgents Will Speak

The legislature will assemble this afternoon at four o'clock with very little change in the political situation. Mr. Riley, Gleichen, resumes the debate at four o'clock and will speak for an hour at least. In an interview with The Capital Mr. Riley said he has several points to bring out which hitherto have not been touched upon.

"I hear you are going to vote with the government now," was thrust at Mr. Riley.

"Not a bit of it. Things are coming our way too well," was the reply.

Incidentally it might be mentioned that a small delegation of Gleichen Liberals arrived in the city yesterday and approached Mr. Riley with an intimation that he resign. The reason advanced, as far as can be learned, was that Mr. Riley's antagonism to the government has greatly reduced Gleichen's chances for the agricultural college, which is now considered to be going to the southern part of the province. Any antipathy to the government at this juncture by Mr. Riley is considered would put Gleichen in the lead for landing the agricultural institution. Mr. Riley will, however, support Mr. Boyle's resolution in his speech this afternoon.

Several members have returned to the Capital from the week-end visit to their constituency. Hon. Mr. Cushing, ex-Minister of Public Works, returned yesterday afternoon. His reception in Calgary on Saturday is said to have been very flattering. As a result of the support which Calgary has given him it is understood that Mr. Cushing will have it made clear in the legislature this afternoon that his offer to build the Great Waterways road according to the present specifications for \$12,000 per mile is no "bait." Mr. Cushing has stated that he is anxious to build the road and that he will have no difficulty in giving bonds for \$50,000 that the contract will be carried to completion.

## Participants in Debate.

The Capital hears great speculation as to what members of the legislature will take part in the debate of this week. The supposition is that Mr. Riley will be followed by Jas. K. Cornwall, Peace River, who will be able to speak with a thorough knowledge of north country conditions. Mr. Cornwall will probably be followed by John A. McDougall, Edmonton, who is reported to disagree with the government on several material points in connection with the railway transaction. Other supporters of the government who are certain to participate in the debate are Hon. Duncan Marshall, Hon. Mr. Buchanan, Malcolm McKenzie, and J. L. Cote. The latter represents the constituency of Athabasca, and being a civil engineer has expert knowledge of the physical properties of the country through which the Great Waterways Railway will pass. Mr. Cote has already stated that in his estimation the railroad cannot be built for less than \$23,000 per mile.

A sparring match for position in the debate is expected between Mr. Bennett, Calgary, and Hon. Mr. Marshall. Mr. Bennett is coming on speaking just before the division and has to precede him Dr. Warnock, Pincher, Mr. Headley, Okotoks, Mr. Roberts, High River, and Mr. Michener, Red Deer. In fact, it is stated that every member of the insurgent party is prepared to speak if necessary. Neither the Premier nor Mr.

## PINCHOT USES STRONG WORDS

Declares Ballinger Endangered Property of the Public and Deceived President

Washington, D.C., Feb. 28.—With Gifford Pinchot on the stand, the Ballinger-Pinchot inquiry went into its second phase Saturday. The dismissed chief of the forest service being sworn in, dramatically declared that when his story had been told, the country would demand a verdict "in harmony with the general conviction that the Secretary of the Interior had been unfaithful both to the public, whose property he had endangered and to the president whom he had deceived."

Mr. Pinchot's first hour in the witness stand was full of sensations as had been promised. Mr. Pinchot had not progressed very far, however, when there came an objection from Mr. Ballinger's attorney, as to the witness repeating conversation with President Taft. It was contended that the relation of these conversations would put the president in an attitude where he would either have to remain silent or else appear before the committee as a witness, which it was decided, would be undesirable. The question was argued for some time and was put over for consideration by the committee in executive session. It is expected that the decision will be announced when the next session is held on Tuesday. Mr. Pinchot followed up his vigorous attack made upon Secretary Ballinger in his opening statement by announcing that he fully believed in Glavis, and was convinced that all Glavis said was true. He characterized Glavis as "a faithful public servant," and declared that the facts which he presented "proved that Mr. Ballinger had been unfaithful to his trust as guardian of public property of tremendous value."

## GLOBE WON LIBEL CASE

Mr. Foster Acted in Good Faith but his Actions were Open to Criticism.

Toronto, Feb. 28.—The following is the verdict handed down by the jury in the Foster libel case, after being out over five hours:

"We, the jury, do agree in view of the evidence presented to us that Mr. Macdonald was justified in making statements published in the Globe October 21, 1908. We find that while Mr. Foster acted in good faith while acting in the capacity of the Union Trust Company, his actions are open to criticism and that he is not entitled to recover damages from Mr. Macdonald."

After reading the verdict, Justice Magee instructed that judgment for the defendant with costs be entered. At the request of Mr. Hellmuth, K.C., counsel for the plaintiff, a stay proceedings was granted for thirty days. That the verdict was a compromise was evident from the remarks of the jurymen after their discharge. One said a dozen votes had been taken during the five hours spent in deliberation upon the case. The first vote stood five to seven for a verdict for the plaintiff, no argument was given to materially alter these figures until the clause declaring that Mr. Foster's actions had been done in good faith, although open to criticism, was read. Then the end followed quickly and the verdict was delivered. The men answered firmly to the verdict, when polled at the request of Hellmuth, but it gave loose, dissatisfied grunts, and ominous shakings of the head by any indication, several were far from satisfied with the verdict which they had been compelled to give as a finding or let the matter up as it seemed probable in the earlier hours of their deliberations of their disagreement.

Justice Magee, who reviewed the evidence from 10 to 3:45 p.m., instructed the jury that remarks con-

Allan Liner Corsican Arrives at Halifax After Encountering the Worst Storm in her History

Halifax, N.S., Feb. 28.—The Allan liner steamer Corsican, with Canadian mail, came in from Liverpool after encountering the worst storm in her history, which was met two days after leaving port. She has 1,062 passengers, 83 of whom are for the United States. When the steamer docked, John Brown, a Chinaman who came to Canada ten years ago, who was naturalized and settled in Lethbridge, Alta., was arrested by the immigration authorities on the strength of a cable from the Canadian High Commissioner in London. John Brown went on a visit from Canada to England six months ago. There he met a fine-looking girl of twenty-five years, who married him, and who is now with him under lock and key aboard the steamer. The cable stated that Brown was an embezzler in England and undesirable for Canada and asked that he should be sent back. The steamer that brought him over will return the Chinaman and his pretty wife to Liverpool.

## "THE MAN FROM BRODENEYS"

For the benefit of those who did not read the first instalment of George Barr McCutcheon's great serial "The Man from Brodeneys" now running in the Capital, the following summary is given:

Taswell Skaggs and Jack Wyckholme, after some domestic infelicity, each left England for the Far East. They met in Shanghai and joined in an enterprise to exploit the wealth of the island of Japan, which they thought from the natives for a song. It abounded in rubies and other precious stones and for thirty years they carried on operations there, growing very wealthy and keeping out of touch with friends at home. When they were old men they discovered that each had a grandchild. Skaggs' daughter had married an American, named Browne, and had a son. Wyckholme's daughter had a daughter, Agnes Ruthven by name. They made a will each leaving his share of the property to the survivor. Wyckholme died just a little while afterward. Skaggs fell into the clutches of a volcano. At the opening of the story, Skaggs' second will, made after Wyckholme's death, is puzzling the lawyers. The two grandchildren, must marry within a year to secure the property or the entire island reverts to the natives. Sir John Abercrombie of London, is named as Wyckholme's executor and Alfred Brown, of Boston, as Skaggs'. What complicates matters is that both children are already married. Wyckholme's daughter is Lady Deppingham. The question is, how, with the situation as it is, the vast estate is to be saved from the natives.

## CONDEMNED ARCHBISHOP

Further Evidence of Bitter Struggle Between Church and State in France

Rennes, France, Feb. 28.—The text of the judgment rendered by the tribunal against Cardinal Landouzy Leon, archbishop of Rennes, who was condemned to pay \$300 damages to public school teachers' association for having signed an encyclical letter forbidding the use by Catholics of students of certain public school books was published today. Decision declared every complaint of the teachers to have been justified, and says that in some isolated communities where religious intolerance approaches fanaticism, the episcopal letter aroused so much hate against the public school teachers as to cause them to be subjected to veritable brutalities. The court cites an instance where an attempt was made to scarify a woman teacher and another case where garbage was thrown into a well from which a school obtained its water.

## Winnipeg Hospital Project.

Winnipeg, Feb. 28.—The city of Winnipeg will ask the Manitoba legislature for power to raise half a million dollars to build a municipal hospital or grant aid to the present public hospitals. A company has been formed with a capital of a million and a quarter dollars to erect a four-story hospital in connection with the Walker Theatre, to be known as Schirk Hotel.

## ON BRINK OF PRECIPICE

Two Edmonton Men Returning From Coast Face Death in C.P.R. Wreck at Spencer's Bridge

Messrs. Mat Barber and Jas. Thompson of the Windsor Hotel arrived home from a trip to the coast last evening.

They had the unpleasant experience of being on C.P.R. train No. 66, which struck a broken rail three miles west of Spencer's bridge, B.C. The accident happened at 11 p.m., when most of the passengers had retired to their berths. The engine and baggage car remained on the track, but the ten passenger coaches jumped the track and were within three feet of falling over a steep precipice with a drop of over a hundred feet.

The passengers were speedily awakened by the tilting of the coaches and Mr. Thompson said that he could look out of his window into the depths of the cut. Everybody streamed out, picking up what clothes they could snatch and then the coaches were locked as there was danger of the cars toppling over. Mr. Thompson says the wheels of the Pullman he was in were just on the edge of the precipice.

There was only one fatality. The brakeman of the wrecking train sent from Kamloops in stepping off a car from which the steps had been torn away fell over the wall and down more than 100 feet. He was rescued but his life is despaired of.

## BERT BOULTON IN TOWN

Speedy Forward says he Came Especially to see Tuesday's Game Between Deacons and the High School

Our own Bert Boulton arrived in Edmonton on Saturday and is staying with Harold Decton. Bert is up here to see whether there is anything in the rumors of some Fit-Reform games. There is a good chance of Saskatoon coming here, and the Moose Jaw also talks Fit-Reform. With Strathcona challenging for the Brackman-Ker, there should be some pretty speedy hockey matches during March.

The month will start off well with the benefit game on Tuesday night between Deacons and the High School. The entire proceeds will go to buy some new summer garments for the high team.

Harold Decton and Jack Winchester have favorably received a largely signed petition to act as officials. As both are married men, we won't say it was the attraction of the good-looking High School men who attended all games that encouraged them to act.

## THE TRUTH ABOUT SMAILL

He was put on at the Last Minute and Against the Wishes of all the Ottawa Players

Still the officials by no means were responsible for the loss of the Wanderer game. Had Bruce Stuart been on that team, Ottawa would still be boasting an unbeaten record. But Stuart's presence was impracticable. He was nursing a broken shoulder in the hospital at Ottawa. Ken Mallen was to have replaced Stuart, and throughout the whole of last week practised in the position vacated by the Ottawa captain. Up till within ten minutes of the time the team took the ice, Mallen was counted on to play rover. However, a new element burst on the scene in the person of Walter Smill, the ex-Wanderer player who has been with Cobalt all this season and jumped the team last Thursday. Smill blew into Montreal from the north country simultaneously with the Ottawa team. He was escorted by Dave Mulligan and Charlie Irvin of the players' committee of the Ottawa club, in the Queen's Hotel, signed up for the remainder of the season and ordered to go out to the rink and play against the Wanderers. The Ottawa players were partially dressed when Smill arrived at the rink with an order stating he was to play rover. This he presented to Pete Green. Fred Lake, who is acting as captain during Stuart's enforced absence, was thunderstruck and argued that the playing of Smill on such short notice would mean certain defeat. Green and all the players looked upon the move as ill-advised, but Smill played just the same, Mallen sitting on the side somewhat disconsolate at the sudden turn of affairs that excluded him out of a place on the team.

## TIGERS HAVE NARROW ESCAPE

The St. Marys Run Them a Close Race and Were Ahead at the Interval—Final Score 7 to 6

Calgary, Feb. 26.—The most thrilling and in many ways the best game played this year in the city league, took place at Sherman's rink last night, when the Tigers, champions of the city hockey league, narrowly missed defeat at the hands of St. Mary's team, runners up in the league. The Saints had the better of the first half to such an extent that they placed the score 5 to 3 in favor of their own chances when the tinker tinkled recess. To many of the fans along the boards it appeared as if the mighty Tigers were caught napping. They didn't seem to be able to skate back fast enough to catch the Saints when they would break through, and altogether they began to look a little slow. Even Doc Gibson was not delivering his usual stellar brand of defensive and had it not been for the phenomenal stops made by Powell in the nets of the Tigers, the score might have been two for the Saints. That a great change took place in the afternoon of the game. The Tigers came back, and came back strong, very strong, and pulled through to a close victory. The final score was Tigers 7, Saints 6. The game was a thrill every minute. The teams:

Tigers—Goal, Powell; point, Gibson; cover, Melrose; rover, White; centre, King; right, Pinkham; left, Lowes.

St. Mary's—Goal, Tansey; point, Walton; cover, Walper; rover, McKenzie; centre, Green; right, McKnight; left, Sparrow.

## SPARKLETS

Glimpses from the Sporting Arvill

The most interesting item in the football world at present is the announcement that V. J. Woodward, G. L. Wright, A. Berry, Crompton (Blackburn), Livesley (Sheffield), Wellcock (Bristol) and Fleming (Swindon), have accepted invitations to take part in the next tour to South Africa. The players named will form a strong backbone to the team and our kinsmen down south ought to profit by the football they are likely to see. No doubt Woodward will captain the side, and no better choice could be made.

Sir, A friend of mine says that a cow should be milked on the left side. I claim that a cow should be milked on the right side. Who is right?—J. E. R.

Wow! Father, bring in the short-handled axe.

A report from Haverhill, Mass., says that Jim McGinley, the favorite pitcher of the Toronto Maple Leafs, will be in good shape for this season. Sensational stories were circulated last month saying that Jim was so weakened from typhoid fever that he would never play ball again. Joe Kelley will be glad to hear that McGinley is all O.K.

## OTTAWA TEAM GETTING BACK INTO ITS STRIDE

After Letting Cobalt Give Them a Close Run in the First Half They Break Loose

AT INTERVAL 5 TO 4—FINAL SCORE 11-5

Lots of Tripping and Slashing—Lake and Shore Pulled off Some Sensational Stunts—Dubie Kerr was in the Game for a Short Time—There were Over 5,000 Fans at Game—Ottawa had to Send \$1,000 to Cobalt in Order to get Them to go to the Capital—Martel says his Team will be the Last in the League to Disband

From Our Own Correspondent.

Ottawa, Feb. 27.—In a rough, one-sided game Ottawa handed Cobalt another trimming last night by a score of 11 to 5. The mining town septette worked a somewhat effective play during the first half, and held the score 3 to 4 in Ottawa's favor, but the cup holders after they got going in the second half soon got wise and everlastingly piled up the score. Lots of tripping and slashing kept Referee Desse Brown busy riling the whistle, and for the last five minutes of play each had but four men on the ice, six being off for rough dirty body-checking. Ottawa showed wonderful form in the last half, their defence, Lake and Shore, pulling off some phenomenal stunts, rushing the whole length of the ice in a series of dashes of lightning speed, breaking through Cobalt's line and scoring. About 5,000 excited fans cheered with glee when Dubie Kerr made his first appearance since his sojourn in the hospital. He was a trifle timid and did not attempt to mix it up but clashed with Harry Stick, who hit him on the sore eye with his stick. Walter Smill, Ottawa's recent find, links up nicely with the team, doing pretty work and shaping up for the strenuous battle with the Wanderers next Saturday. Vair, McNamara and Harry Smith starred for Cobalt, forcing attack after attack on the Ottawa's nets, but Lesueur blocked everything in sight. Cobalt's poor exhibition of boring on the nets, while Walsh and Smill playing just the reverse, was responsible for the decisive score. Harold

McNamara received a deep cut on the head, which bled profusely, and was laid out for the game, being replaced by Clothier. There was great excitement in Ottawa when it was rumored that Cobalt had disbanded and would not be on hand for the game, as the tickets had been almost sold out. When the new league schedule was drawn up, Renfrew, Wanderers and Canadian clubs guaranteed Cobalt one thousand dollars in lieu of their having to make a second trip east as games on the first trip did not count. The threat worked O.K. and coin was hurried along. Bruce Stuart came out of the hospital and was at the risk site. The Wanderer team in special en route from Renfrew stopped over to see the game and incidentally to see on Ottawa's play at home. Gex Martel last night positively denied that Renfrew would disband. "We will be the last team to leave this league or any other we are in," he said.

The line-up was:

Lindsay in the nets put up a splendid exhibition of goal tending. Rowe and Miller played the wings well, though Whitcroft would probably have been an improvement on both of them. They are apparently saving "Whitty" for the game at Haileybury and the hard games that are to follow. They have three games yet to play after the northern trip, all at home, against Cobalt, Ottawa and Wanderers—Cobalt, Nugget.

## CHALLENGE FOR BRACKMAN-KER

Strathcona Seniors are Casting Covetous Eyes on One of Our Pieces of Silverware

The Strathcona senior hockey team have challenged the Edmonton amateurs for the Brackman-Ker Cup, which created such rivalry between the two cities a few years ago and which was last won by Edmonton. As this cup was donated for the furthering of good amateur sport, the locals have revived interest in the series and it is likely that the first game will be played in the Capital next week. The rules call for the best three out of five games.—The Plaindealer.

St. Michaels 4, Stratford 3.

Toronto, Feb. 27.—St. Michael's College won the championship of their section in the O.H.A., defeating Stratford four to three in the most exciting game of the season, before 3,000 people. At half time the score was 3 to 1 for St. Michaels. The game in Stratford was a tie, 8 all, so St. Mike's just won the round by one goal.

Haileybury Won.

Haileybury, Feb. 27.—In a fast game of hockey here last night between the Haileybury team and the Canadians the visitors went down to defeat by a score of 15 to 3. The local seven pacifically controlled the puck throughout the game.

## MONTREAL RUBS THE DEFEAT IN

The Senile Critic of the Montreal Herald Hands Out Some Pretty Good Ones at the Expense of the Cup Holders

Little Bruce Ridpath, the Toronto tenor, also known as the Child Wonder, did not, although the Toronto papers will not believe it, play the best game on the ice. He cut loose once or twice in the first section, but Mr. Johnston, the hated Beef Tender, sat on his aspirations and his face.

Later on in the game Mr. Johnston also sat down on Mr. Smill, who called in muffled tones for the police. Mr. Smill hopes to have his face in some sort of shape in a year or so.

At the risk of showing favoritism further reference to little Bruce Ridpath must be made here. Mr. Ridpath proved to be a cold-storage egg. That is to say, he was disappointing.

There was also Mr. Lesueur, the gifted author, who parts his hair in the middle. Mr. Lesueur has written a book, but apart from that he is all right. He has a penchant for getting in the way of hot shots from the right wing, which is positively vulgar. Ask Mr. Hyland. He knows.

Another vile plot to hand Louis exhibitions to the palpitating throat was nipped in the bud when Mr. Lake having got a strange hold on Mr. Hyland in the second act, tried to show him how F. Gotch works the toe hold. Mr. Hyland bridled, and the situation was becoming tense when the ref. commanded that the free wrestling exhibition be forthwith and immediately, also at once, stopped. This is a hard world.

Toward the end of the session, Ottawa began to show signs of distress and C. Q. D. signals were sent to the side. A bottle, said to contain water, was produced by the faithful trainer. The number of Ottawa players who required first aid after that was alarming, and it is a matter of congratulation that the bottle was a large one. Otherwise, some would have surely died.

We hear that several department stores are planning bargain sales of red, white and black ribbons, tastefully arranged in rosettes and bow knots.

Mr. Ernest Johnston, the hated Beef Tender, has quite a reach. An eminent statistician has figured out that three reaches like Mr. Johnston's could stand on the top of Mount Royal and shake hands with King Edward in London. (K. Ed. permitting).

Mr. A. Ross, Montreal's favorite, attended, attired in a coat and an expansive smile. W. Smill's reception stirred many chords of fond memory in Mr. Ross's hazzam.

"Many people have paid \$5 to come here and have a smoke," remarked the liquid dispenser in the temperance cafe at half time. Which is sad, but true.

Prices of speculated tickets fell to around par before the game. Some scalpers even had to see the game with theirs. Pierce!

Jigger that Haileybury game, anyway.

The genial Mr. Walsh is still unable to distinguish between his stick and a meat axe, at times.

It is stated on good authority that the Ottawa seniors are not broke, but merely badly bent.

Riley Herr says: "Vertical stripes are not really fashionable this season."

## MAY ESTABLISH SALARY LIMIT

The Big Hockey Teams have Decided that the Stars are Making too Much Money—Highest Salary \$1000

Ottawa, Feb. 27.—It is learned that at the close of the present hockey season, the National Hockey Association will meet and take steps to establish players' salaries on a uniform basis. The financial stress of several of the clubs this season is such that they could not possibly continue on under present conditions. According to the report the highest salary paid will be limited to \$1,000 for the season, each club binding itself not to exceed that limit. What effect this will have on some of the stars who are drawing treble that amount, is a matter to conjure up. There is no doubt many will decline to turn out under those conditions.

## SEASON'S FIRST BASEBALL ACCIDENT

One of McGraw's Calts gets his Thumb Jammed in the Door of a Pullman

Houston, Texas, Feb. 25.—Through their failure to make a train connection here today the New Orleans detachment spent a day in Houston and this unexpected stopover allowed them to witness the exhibition games made here today by Louis Paulton in his aeroplane. The journey to Martin was a confused one.

The youngsters first dropped behind their schedule this morning on the road from New Orleans. The air brakes on their train cut such queer capers that the train was stalled for a long time and arrived here three hours late.

Three of McGraw's Athletics received a bad scare just after breakfast as they stood on the front platform of their pullman. The brakes were engaged so suddenly and the train started just in front of the sleeper, the engine and three coaches drawing several hundred feet ahead, both sections then toppling. In the rush to get back into the car Ernest Link accidentally caught his right thumb in the crack of the heavy door and it swung shut, badly mashing the thumb. The hand was dressed quickly, but it will be a week or ten days before he can handle a ball.

The New York National League club announced yesterday that these players left St. Louis last night and will arrive at Madras Springs, Tex., early tomorrow morning.

Manager, McGraw, Christy Mathewson, Ralph Holt, H. L. Bark, Joseph Devore, Arthur Fletcher, Albert Kibitzer, F. Kemmers, R. W. Marand, W. E. Parsons, Arthur Raymond, Chester Spencer, Arthur Wilson, A. L. Shaw, Ed. Williams, W. Collins, Arlie Latham, the coach, and Ed. Mackall, the trainer.

These aeroplanes have not much on the ice-bat as a speed vehicle. Last week on Toronto Bay, the ice-bat Kestrel was timed three-quarters of a mile in 44 sec., or at the rate of 36 sec. per mile.

## HUGO ROSS, MODERN NAPOLEON

Met his Waterloo at Hands of Moosomin Team—They Send us the Paper with the Hideous Details

A member of the Moosomin hockey team sends The Capital a paper containing this account of Hugo Ross' downfall:

"Moosomin 14, Moose Jaw 0. "No, gentle reader, this does not refer to a cricket match score, but was the sum total of goals registered by the Moosomin hockey boys last Friday night, when Moose Jaw's 'Fit-Reform Cup' team was snowed under and made to look like wooten men.

"The boys from the Railway City came down with the strongest team they could get together (including Hugo Ross, the Stanley Cup player), and before the game there was a lack of confidence in their camp, as was shown by the readiness with which their hard coin was wagered. But alas, hockey is a slippery game, and before they had been playing fifteen minutes the visitors began to realize that they were but children in the hands of the home brews. When the game was concluded it was noticed that the faces of the city boys were much longer than their purses.

"The winning of this game makes Moosomin champions of the Southern Division of the Saskatchewan League and either Saskatoon or Prince Albert will be up against the locals in the final game for the senior championship of the province. This game will be played at Regina, and a special train will be run from here. Dates will be announced later.

If that game is won by the home brews, a challenge will be sent to Edmonton for the Fit-Reform Cup, the emblem of the Western Canadian championship. If Mr. Ross' work is any criterion of that of Stanley Cup hockey players, the locals should make good with any team in Canada."

## PERFORMS DOUBLE BACK SOMERSAULT

First Time in the History of the World that this Difficult Feat has Been Done

Kansas City, Feb. 25.—For the first time in the history of the world Charlie Siegrist performed in the full view of thousands of people at Convention Hall tonight the unprecedented feat of performing a complete double back somersault from the ground.

For months the performers with the Rhode Royal Indoor Circus have been aware that Siegrist was practising this stunt and when he announced that he would either do the act or break his neck at the evening performance there were many who thought he would break his neck.

Japan is reported to be "baseball mad." It is certainly a great country for fans.

## THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Mr. Gillespie, formerly of the Imperial Bank staff of this city, but now of Red Deer, spent Sunday in the city.

Mr. Don McKenle, who was formerly with Douglas Bros. here spent Sunday in the city.

Mr. McLennan, formerly with the Twin City Coal Co., but now with the Yellowstone Coal Co., was returning acquaintances here yesterday.

Dr. Torg and Dr. Broadus arrived home on Saturday and will resume lectures as usual on Monday.

In Holy Trinity Church the rite of confirmation was administered by Bishop Pinkham, of Calgary, at the evening service.

Rev. J. C. Bowen conducted the services in the Baptist church as usual. Rev. Bowen has been absent all week conducting evangelistic services in Red Deer.

The Variety Y. M. C. A. met in the Burgess Block at 4:05. The meeting was very well attended. Dr. Torg conducted the discussion in a most able manner.

Miss L. Hauglin, who is teaching at Pretty Hill, near Camrose, has been visiting friends in this city for a couple of days. Miss Hauglin left this morning to resume her duties.

Rev. H. E. Gordon, B.A., conducted the services in the Metropolitan Methodist church as usual on Sunday. The subject of the evening sermon was: "The God that Man Needs." A large number remained for a social hour in the basement class room at the close of the service.

The ladies reading club meet this afternoon at the home of Mrs. N. D. Mills.

A government owned abattoir would be a great boon to the people of the city and towns as well.

Mr. R. E. Sutherland, who has been spending a few days at his home in the vicinity of Cooking Lake, returned to the city on Saturday.

Richards' are moving to their new block on Whyte avenue, three doors west of Main street. The moving is to be completed today.

Mr. Weir leaves today for his home on the McLeod. He will accompany the Selkirk Bros., who have been ranching there several years.

At the Metropolitan church league tonight a debate: "Resolved that the House of Lords should be abolished," will be taken by A. B. Orison and J. N. Doss, negative by J. L. Wright and G. E. Ketyis. Judges will be Rev. W. R. George and Rev. H. E. Gordon.

Mrs. W. H. A. Kerr entertained the students at their home on Saturday from 4 till 6 and gave them an opportunity of meeting Mrs. Bulyea and the wives of the senators. A very pleasant time was spent. Dining refreshments were served in the room, where Mrs. Edwards poured tea, assisted by Miss Cross, sister of Mrs. Kerr.

The farmers of the northern district met on Saturday at 1 o'clock in the Basin Block. There was a very good attendance. The chief subject for discussion was the advisability of a government pork picking plant. A

great many views were advanced regarding the plan. One most important, and in order that the scheme may work satisfactorily a list of some kind should be taken against any person not fulfilling his contract in delivery of a specified number of hogs annually. This list would practically force a man to fulfill his contract. After a lengthy discussion the meeting adjourned to meet early in March, when definite action must be taken to bring the matter before the legislature.

### EDMONTON OPERA HOUSE

Marks Bros. will begin a week's run at the Edmonton Opera house Monday, Feb. 28, to March 5, giving three complete changes of programme during the week, opening Monday night with the new and refined comedy drama, "Down Where the Orange Blossoms Grow," a play dealing with the south during the slavery days. Good music, songs and dances go to make up a first class entertainment for which Marks Bros. are noted and it is sure to please. Prices are 25, 35, 50 and 75 cents.

Plan now open at Empire Theatre until 7:30 when tickets may be purchased or reserved at the Edmonton Opera House.

Mrs. Doran of the Jubilee Rink, Montreal, is a most unhappy man these days. When the Ottawa-Vander game was transferred from his rink to the Arena Doran was promised 2,000 seats for his patrons. He got 800. Now the season ticket subscribers at the Jubilee are suing him for unfulfilled contracts.

## THE FRENCH ANTARCTIC EXPEDITION RETURNS

DR. CHARCOT

MAP OF THE ANTARCTIC REGIONS SHOWING ROUTE OF THE POURQUOI PAS

Map of Antarctic Regions and Dr. Charcot, Explorer.

Punta Arenas, Chili, Feb. 28.—Dr. Charcot, in describing the progress of his Antarctic expedition on the Pourquoi Pas, said:

"Our expedition arrived at the Island of Deception on December 23. There we cooled and sailed southward. When we arrived at the zone of permanent ice the vessel was driven

ashore on the coast of Grahamland Shoal. The crew worked strenuously for three days to get the craft afloat. Since then the vessel has been continuously delayed by collisions and icebergs.

"The practical results of that part of the voyage consist in the discovery of 120 miles of unknown land.

"We later visited the land of Alexander I, being the first visitors to explore it. We passed the winter off

Petermann Island. "The expedition then returned to the Island of Deception, where the Pourquoi Pas received coal from the whalers and then departed south again. We again visited the lands of Alexander I and Peter I. "The most southern point reached was 71 degrees. We were compelled to return because of a lack of coal and the fact that it was impossible to use our sails."

# NOW IS THE TIME TO ENTER

If you are not already entered in the contest you should enter as a candidate to-day. A few hours' work will secure enough votes to put your name among the leaders. You can win a prize if you try. TRY!

# CANDIDATES WILL GET THE BENEFIT OF EXTRA VOTES FOR SHORT TIME

Now is the Time to Lay up a Reserve Vote—Cash All Your Promises While the Big Vote is on

## MISS C. A. BATTALL WINS

The special prize of a solid gold watch for most money turned in for new subscriptions since the beginning of the contest to February 24, is awarded to Miss Battall. The figure was submitted to an official of the Royal Bank and the finding of the Contest Department verified as correct.

## Daily Standing of Candidates

Commencing today, the standing of the candidates in the Capital's prize voting contest will be corrected daily; that is, the votes will be added each day, instead of three times a week, as formerly.

## Nominations Close Next Wednesday

The opportunity to enter the contest expires next Wednesday. The names on the list in Thursday's Capital will comprise the entire number of candidates who will be awarded the seventeen prizes. Right now is a splendid time to enter or to get very busy if you are among the candidates, but have been slow in starting.

The announcement of the extra vote offer in Friday's paper has brought joy to the heart of many a candidate in the Capital's great prize contest. At no other time will it be possible to secure as many extra votes as subscriptions as during this period.

What the Candidate Should Do. The utmost diligence should be used by every candidate to get all the

subscriptions possible during the next two weeks. These are your chances, days, and you should lay up a fine reserve of votes to be used in the end. It is not a good plan to hold back all that you have. Make a good showing in the list before you begin to lay aside your votes. The best rule in a contest is pretty much the same as in dressing, which of course every young lady understands. While it is advisable to make always an attractive appearance, it is bad taste to be so noticeable that everyone says, "Just look! I bet she puts every cent she has on her back!" In the same way you will appear well among the candidates so that your friends may see that you are working, and not likely to fall behind in the race, but there is no manner of use in putting everything you have to the fore just to create a sensation, and have nothing to fall back upon when you may need it daily.

## Cash Promises Now

No doubt every promise made to you by friends earlier in the contest will be fulfilled now, as you can explain, that at no other time during the contest will you derive so much benefit from what your friends can do for you. Show them how much they can help you right now, and they will try their best to give you the subscription during the Extra Vote Offer.

## New Candidates

New candidates can enter the contest now—until March 1, and with a few hours work secure enough votes to place their names among the leaders. You stand an excellent chance of

winning a prize if you enter now, as there is plenty of room, and subscriptions will come easy now to be used in the end. It is taking a lively interest in the contest.

## Believe in Yourself

A great thing for candidates to cultivate is self-confidence. There is no reason for you to be afraid of any one. Remember that in this contest no one has any way of telling what another's reserve force may be, and the very person whom you dread is probably just as much scared as you are, for fear that you may have such a pile of votes back of you that you will take the lead any time you get ready to do so.

## VOTING SCHEDULE UNTIL MARCH 14

This schedule will remain in force until the above date, after which the old schedule will prevail.

## THE STANDING OF THE CANDIDATES IN THE CAPITAL'S PRIZE CONTEST

First Grand Prize—\$600 Nordheimer Piano  
Second Grand Prize—\$450 Nordheimer Piano

The two Grand Prizes will be awarded to the two candidates securing the largest number of votes on paid-in-advance subscriptions and ballots, irrespective of district in which the candidates live.

After the grand prizes have been awarded, four prizes will be awarded in District 1, 2 and 4, and three prizes in District 3, to the candidates having the largest number of votes.

## A VETERAN OF MANY WARS

(Continued from Page One)

take the position of under-dog, and Germany most assuredly will have the upper hand. "Of course, Russia and France might aid England, but I don't think it's at all likely. Germany will say to Russia, 'Here, you keep out of this. There's India. Take it!' And England wouldn't have a man to spare to send to India. I don't believe France would or rather could, do much. To tell the truth, Germany could walk through France in two weeks.

"A strong Japanese alliance would be invaluable. If England could throw 10,000 Japs against Germany, there wouldn't be much left of the German army."

## Patriotism is Waning

"Are the people of England really serious in their efforts to remedy the existing state of affairs?" asked the Capital.

"Hope so," replied Mr. Villiers, in serious tones. "But there isn't the same intense patriotism as there was at the time of the Russian scare. At that time there was a little miasma hell jangle that went:

"We don't want to fight,  
But by Jingo, if we do,  
We've got the ships, we've got the men,  
We've got the money, too!"

Why, if anyone quoted that at any public gathering, the people would go nearly crazy. It was that feeling that largely prevented war, but there is very little of that in England today.

"What do you think of the political situation in England?" asked the Capital.

Mr. Villiers' reply was very brief and emphatic.

"Rotten" was the single word he used in summing up the whole situation. "But Canada has to thank the present situation for the great influx of English capital into the country," continued Mr. Villiers. "The feeling of insecurity in England is responsible for the investment in Canada and other colonies of hundreds of thousands of pounds of English money."

## Settlement of Oxford Men.

Mr. Villiers is accompanied by a Mr. Charles Daly, whose son is conducting a little settlement of Oxford men at Greenwood, about 150 miles northwest of Edmonton at the junction of the Macleod and Athabasca Rivers. Mr. Daly's son has been out two years, has a post office, saw mill, store, and is a J. P. He, with his sons, occupies, like the life, and are building up a little village at Greenwood. Mr. Villiers and Mr. Daly sailed from Liverpool on the eleventh of this month, on the Empress of Ireland. They had an exceedingly rough crossing and were a day late in reaching Halifax. Mr. Villiers is now here in the interests of the Illustrated London News and an English news syndicate.

## Will Lecture on Return

When he returns from Greenwood, in about a week's time, Mr. Villiers proposes to give a lecture in Edmonton that ought to be intensely interesting. He has hundreds of pictures of the various wars he has seen, and will give the details of each campaign in the course of his lecture.

Managua, Nicaragua, Feb. 28.—General Chamorro has broken through the gates of the government troops which attempted to surround him at Managua, and is reported as having taken the direction of Terra bona. General Riva, with 2,500 men, is following him.

## A COLOSSAL ERROR

In Connection with Quebec Bridge Pointed Out by Mr. Francis

The collapse of the Quebec bridge on August 27th, 1907, resulted in the loss of nearly 100 lives, of several million dollars and serious delay to the completion of this portion of the National Transcontinental railway. So said Walter J. Francis of Montreal in the course of a highly interesting lecture on the Quebec bridge disaster, before the Edmonton engineering society in the Separate School Hall on Friday.

Mr. Francis was one of the engineers appointed by the Dominion government to sit on the Royal Commission for the investigation of the disaster.

An idea of the line of this immense cantilever bridge can be gained by Mr. Francis' comparison of it with the distance from the Alberta hotel to the Aime Block. In every detail except one the structure was perfect. The steel work was of a most complicated character and throughout there was not a slip or a misfit," said the speaker. All details were published in the leading engineering papers, and no one noticed the defect in the bridge construction until after the disaster.

By the report of the Royal commission on this disaster the possibility of a similar catastrophe on a greater scale has been averted in New York. No errors of the same sort will ever occur again in engineering experience.

The disaster was caused by the buckling in of two steel members on the shore side of the south cantilever. Here the battening was of the very lightest character, and this extremely serious defect was overlooked. "On the day prior to the disaster one of the engineers on construction, had been warned of the dangerous tendencies becoming apparent, but his faith in his chief was so great that he refused to consider the objection and the work proceeded.

## A Strange Reward.

Philadelphia, Pa., Feb. 28.—In order to put more ginger into the playing of 'Tus, the Phillies' right fielder, Manager Dooin has agreed to give him \$10 every time he is put out of the game this season by the umpire for growling.

Dooin thinks Titus too easy-going and is trying to encourage him to be more aggressive. Manager Dooin says: "I have thrown out the field in the opening game. If this is done I am convinced then that nothing will keep us from winning the pennant."

### About Town

Identikit-Governor Bulyea left for Calgary this morning.

Gen. B. Cooper addressed the meeting at the Y.M.C.A. yesterday afternoon.

Alex. Short, K.C., will give an address at the Young Men's Club, McDougall Court, Tuesday evening, on "Abraham Lincoln."

J. H. McLeod of the Royal Shoe Store has assigned to S. H. Smith a meeting of the creditors will be held on March 17.

Sons of Scotland meeting will be held in the Houston Hall, next the Windsor Block, on Wednesday, March 2nd, at 8 p.m. A hearty welcome is extended to all Scotsmen.

Judge Taylor heard the criminal case, Rex vs. Roland Palmer, at Vermilion on Friday, the charge being seduction. W. M. Corbett for the Crown; N. Murray and A. E. Cluff for defence. A motion for dismissal was made and as the charge was not proved Palmer was discharged.

F. T. Fisher will take over his new position as secretary of the Board of Trade tomorrow morning. The new quarters in the King Edward Block are being rapidly got in shape and promise to make magnificent offices.

The regular semi-monthly meeting of the Edmonton Exhibition directors will be held in the board room, McDougall Court, this evening at 8 p.m. The directors will decide the prize-winning plans and decide what buildings will be constructed this year. The prize list will also have a final revision.

St. Andrew's Society will meet this evening at eight o'clock in the Oddfellows Hall, Norwood Block, Jasper avenue. President McGeorge gives a hearty invitation to Scotsmen and those of Scottish descent to attend this meeting. A musical programme will be provided, and addresses will be given by several prominent members.

Edmonton Federal District Conservatives will meet in Houston's Hall on Wednesday evening, March 6th, for the purpose of appointing twenty delegates and twenty alternates to attend the general convention of the Dominion Conservatives, which convenes in Ottawa next June. All associations in the district are holding meetings this week and next to select delegates for the Edmonton meeting.

A man named Owens and his son, who had emigrated, drove in from Bon Accord yesterday afternoon. Though the boy had the disease all right, he was not really sick, so acting on the advice of the police and the local health authorities, Mr. Owens decided to take his son back home, Bon Accord falls under the jurisdiction of the provincial health department.

Notice of appeal has been given in the case Evans vs. Robert, which concerned the identity of the hackney "Towheye Rupert." In the appeal Robertson, Dickson and Macdonald are acting for the appellant, Mr. Evans, claims that Mr. Robert was interested in the case apart from the bet and consequently that it was not a wager.

### BORN

A deputation from the east end will wait upon the council tonight to again urge upon the city fathers the necessity of constructing a bridge across the river connecting the east end and Strathcona.

Dun's Commercial Review for the week ending February 25th gives the following companies incorporated in Edmonton: Saskatchewan Valley Land Co., Great West Elevator Co., Imperial Trust Co., and Edmonton Iron Works, Ltd.

Mr. Vernon Barford's piano pupils give the usual monthly recital in All Saints' School room this evening, commencing at 8:15. They will be assisted by Mr. H. G. Turner, who will sing "So Fair a Flower" and "Nelson's Gone a-Sailing." These recitals are open to all interested in music.

Rella McInnes, the Indian who was charged with stealing a mouse skin coat from A. H. Hingston, was found guilty by Magistrate Cowan in the police court this morning and fined \$15 and costs amounting to \$6.25, or 30 days in jail.

Archie McLeod, a laborer, while in a too exuberant mood on Saturday night, put his fist through the glass in the front door of John J. Loisselle's residence at 822 First street. For this he paid \$3 in the police court this morning, as well as a fine of \$4 and costs.

Hardley Chalmers and Eric Nelson, two students in the commercial course at Alberta College, were removed to the public hospital yesterday afternoon, suffering from an acute attack of rheumatic fever. Both are about twenty years of age, and were boarding at the college. Chalmers comes from Edgerton, and Nelson from Bowville. They were removed to the hospital in the ambulance, and Dr. Harry Smith is attending them.

We build up our reputation for selling good clothes, the best clothes by giving a dollar's worth of value for a dollar, and saying "Money Back if Not Satisfied." See our new Spring Suits. Mac's Clothing Store.

KATHERINE DAY

This sixteen-year-old girl spent two nights and a day in a New York police station, unable to tell the police who she was. In the meanwhile her relatives were searching the city for her. She had disappeared while on the way to school. The police found her wandering aimlessly about. Only when she picked up a paper and saw her picture could she tell her name. She is apparently all right now, and the case is regarded as a rather remarkable one of temporary loss of memory.

### Personal

Mat Barbor, proprietor of the Windsor Hotel, returned to the city yesterday from a trip to the coast.

P. J. Nolan, K.C., left Edmonton this afternoon for Red Deer, where he will be busy during the week on legal business.

Clay Clement, the well-known actor, who played to crowded houses in Edmonton for a week about a year and a half ago, died suddenly last week at University Hospital, Kansas City, aged 47 years.

Geo. S. Seymour, who has been connected with the interstate commerce commission at Washington, D. C., arrived in Edmonton on Friday last, having been appointed auditor of the Alberta and Great Waterways Railway. Mr. Seymour has travelled extensively on this continent, and brings with him a fund of experience and information. He will no doubt be a valuable addition to the staff of the A. & G. W.

**GLOBE WON LIBEL CASE**  
(Continued from Page One)

cerning such matters were not always libelous. People were entitled to freedom of speech and to comment freely on matters of public interest. There was liberty of public opinion in politics if that were not so. The Royal Commission report was undergoing wide discussion.

It was a matter of importance and a matter which the public had a right to discuss, and make fair and proper comment thereon. There was the added fact that Mr. Macdonald had been challenged by Mr. Foster in strong language to discuss that very subject, having accused Mr. Macdonald of being a liar, he could not expect to be handled with kid gloves. A man so charged was entitled to defend himself, so long as he kept quiet in the background.

J. F. Hellmuth, K.C., counsel for Mr. Foster, objected to the judge's summing up, concluding finally with the general charge "that your lordship's summing up was unfair to the plaintiff. You pointed out everything against him, and where you pointed out anything in his favor, you followed up with something which tended to destroy its effect."

The jury was out from 3:50 p.m. to 9:15 p.m. The total costs of the case are estimated at \$10,000 and will be borne by Conservative party subscriptions. Will Be Appealed.

Toronto, Feb. 28.—The associated counsel for Hon. G. E. Foster says the libel case will be appealed direct to the court of appeal, skipping the divisional court. The appeal is based on the following ground:

First, that the judge's charge was generally and specifically unfair. Second, that improper evidence was admitted, and most important, that the verdict as a verdict cannot stand, as it is inconsistent in so far as it justifies actions of both plaintiff and defendant.

**LEGISLATORS RESUME TODAY**  
(Continued from Page One)

Cushing have contributed to the debate on Mr. Boyle's resolution and may be expected to do so before the division is called.

Geo. P. Smith, Camrose, said to The Capital this morning that he did not expect to take part in the debate on one side or the other. Mr. O'Brien, Rocky Mountain, the Socialist member, is expected to have something to say, but the assumption is that he will vote with the government.

Several members of the legislature have expressed the opinion that the debate will not close before Tuesday even if there should be a night session today.

**After Agricultural College.**

That the agricultural college question is not to be obscured by the debate on the railway transaction is shown by the arrival tonight of a delegation from Magrath. In the delegation among others will be David Bingham, a prominent Magrath farmer and Secretary McNichol of the Lethbridge Board of Trade.

An interview has been arranged with the government for Tuesday when the claims of Magrath to the agricultural college will be presented. In support of the claim it will be pointed out that the Magrath district has produced the premier samples of grain in the province and has taken more prizes for grain in the sack or in sheaf than any other Alberta locality. The district practices irrigated as well as non-irrigated farming, and for this reason can be beneficial in contributing to the widest possible range of agricultural experiments.

## How Gold Dredges Get the Gold

The steep hills and rugged mountains of the Klondike region give rise to numerous small streams, which become from time to time with the melting of the snow—the channels and heavy rains to which the country is subject—raging torrents.

The grinding of the glaciers and the erosion of these turbulent streams bring down rocks, sand and gravel from the mountain depths and basins where man has never yet penetrated.

The region where the gold-bearing quartz is a prominent feature in the formation, it is natural that these forces of Nature should test away quantities of exceedingly rich material.

It remains for the Gold Dredge—following the heavy surges and particles of Gold down through the overlying strata in the benches and the river, to recover their stores of Gold from the treasure-house of Nature.

We control by direct lease from the Canadian Government, One Hundred and Five (105) miles of Dredgable Gravel on the Stewart River, eighty miles from Dawson City, in the Klondike. We have tested the gravel thoroughly with Drills, and the results are highly satisfactory. As a matter of fact, the fine of our holdings was recognized, even before the Gold Rush in 1896, by the fact that it is a matter of public record that the Gold is there—just as located as it is difficult to obtain by any hand method. And Filly dredges could not exhaust this area in a hundred years.

With a prospectus so rich, the payment of dividends and the continued work of development can easily go hand in hand.

To carry this work of development now, we are marketing Treasury Stock in our Company. Three thousand stockholders, many of them well-known in the Canadian country, are already on our books. This recently for Capital—Dredge costs upwards of \$100,000—furnishes you opportunity to participate in a wonderfully rich venture.

Our Company is formed of the pick of broad-minded business men with no national affiliations, no Bonds, and no Federal Stock. But the whole story is told in our illustrated Prospectus. The Coupon will bring it to you. The supply is limited. Fill out and mail the Coupon today.
